

GIUTHI

KENYA

Giuthi is a traditional mancala-style game played in Kenya, particularly among the Kikuyu people. Like many sowing and counting games across Africa, Giuthi encourages strategic thinking, careful planning, and strong number sense.

We've included a printable Giuthi board so you can enjoy this traditional Kenyan game at home. Use beans, seeds, or small stones as your pieces, and take turns "sowing" them around the board. Think ahead, anticipate your opponent's moves, and see who can collect the most pieces to win.
